Tree Plantation Program at Madhukarao Pandav College of Engineering , Bhilewada Bhandara

Our college organized a **Tree Plantation Program** on **14-October-2024** as part of our ongoing commitment to environmental awareness and sustainability. The event aimed to promote the importance of greenery and create a cleaner, healthier campus.

The program began with a **welcome address** by our respected principal, who highlighted the significance of trees in combating climate change and maintaining ecological balance. Faculty members, students, and staff gathered enthusiastically to take part in this green initiative.

Participants planted a variety of saplings including **e.g., neem, mango, banyan, etc.** in designated areas around the college campus. Each sapling was planted with care and a promise to nurture it for the future.

Volunteers also spoke about the role of youth in environmental conservation, followed by a **short awareness session** on sustainable living and tree care.

The event concluded with a **vote of thanks** and group photos capturing the spirit of unity and responsibility. The tree plantation drive was not only a success but also a step toward building a greener and healthier tomorrow.
